# The Monadnock Nursery

Keene  
New Hampshire

## *To Our Customers*

Shipping Season. The best time for moving most plants, trees, etc., is in the spring from April to June and again in the fall from the middle of September to the middle of November.

Shipping instructions should be given, otherwise we will use our best judgment, but assume no risk. Transportation charges are to be paid by the purchaser. If by parcel post add 10% to the price of the plants.

Guarantee. We give no guarantee, either express or implied that the stock will grow. Having no control over after treatment nor weather, our responsibility ends when stock leaves the nursery. We take special care to see that our stock is well grown, true to name and leaves the nursery in the best condition. In case of any mistake on our part, we shall, if notified immediately, be glad to rectify it.

Terms. Our terms are cash with order, or satisfactory references from unknown customers. Accounts are due the first of each month unless by special arrangement.

Six plants of the same kind, color and variety will be sold at the dozen rate, fifty at the hundred rate.

Location. We are located about two miles from Central Square, Keene, N. H., on Route No. 9, from Keene to Brattleboro, Vt.

Landscape Department. We are prepared to undertake a limited amount of landscape work, and will be pleased to consult with prospective customers.

## Hardy Perennials

	Ea.	Per doz.
<b>ACHILLEA</b> (Yarrow)		
ptarmica, The Pearl—pure white, double. Fine for cutting. Summer. 2 ft.....	..	....

morrowi. 5-6 ft. May-June. Very fragrant cream white flowers. 18-24 in. ....	.35	3.50	....
2-3 ft. ....	.50	5.00	....
tatarica—pale pink or white flowers. 18-24 in. .40	.40	4.00	....

**LIGUSTRUM** (Privet)

amurense (Amur Privet) 4-8 ft. June-July.			
Hardy .....	..	....	....
18-24 in. ....	..	1.50	9.00
2-3 ft. ....	..	2.25	10.00
3-4 ft. ....	..	2.75	14.00
ibolium. 4-6 ft. June-July. Hardy.....			
12-18 in. ....	..	1.25	7.00
18-24 in. ....	..	1.50	9.00
lodense—18 in. spread .....	.25	....	....
24 in. spread .....	.50	....	....

**MALUS** (Flowering Crab)

atrosanguinea. 15-20 ft. Brilliant carmine flowers. 3-4 ft. ....	1.50	....	....
floribunda (Japanese Flowering Crab) 15-30 ft. Pink buds, white flowers. 3-4 ft.....	1.50	....	....
halliana parkmani (parkman's crab) double rose pink flowers. 3-4 ft. ....	1.50	....	....
ioensis plena (Bechtel Crab) double pale pink. 4-5 ft. ....	2.00	....	....

**PHILADELPHUS** (Syringa or Mockorange)

coronaria (Sweet Mockorange) 10 ft. May-June. Fragrant, white flowers. 3-4 ft.....	.75	7.50	....
virginal. 6-7 ft. June. White, semi-double flowers. 2-3 ft. ....	.60	6.00	....

**PRIVET**—see Ligustrum**PRUNUS**

glandulosa (Flowering Almond) pink. 18-24 in. .50	.50	....	....
pissardi—12-15 ft. Dark red foliage. 4-5 ft... 1.00	1.00	....	....
3-4 ft. ....	.75	....	....

	Ea.	Doz.	Per 100
<b>SPIREA</b>			
vanhouttei. 4-6 ft. May-June. White. 2-3 ft...	.50	5.40	....
Anthony Waterer. 2-4 ft. June-July. Low growing plant with deep rose flowers.....	.60	6.00	....
prunifolia (Bridal Wreath) small double white flowers. 2-3 ft. ....	.55	5.50	....
trichocarpa (Korean spirea) similar to van houttei, but flowering later. 18-24 in.....	.75	7.50	....
<b>SYRINGA</b> (Lilac)			
vulgaris (Common Lilac) 6-20 ft. May. Purple			
12-18 in. ....	.30	....	....
18-24 in. ....	.40	....	....
2-3 ft. ....	.50	....	....
vulgaris alba (Common White Lilac) 8-30 ft.			
May. 12-18 in. ....	.50	....	....
<b>SYMPHORICARPOS</b> (Snowberry)			
racemosus (Common snowberry) 3-5 ft. June- September. Small pink flowers in June.			
White berries in fall. 2-3 ft. ....	.50	....	....
<b>VIBURNUM</b>			
americanum (Highbush cranberry) to 12 ft.			
White flowers. June, red fruit in fall. 2-3 ft. .75		....	....
carlesi (Fragrant Viburnum) 4-5 ft. April-May.			
Pale pink, waxy flowers. New species.			
12-18 in. ....	1.50	....	....
opulus sterilis (Common Snowball) 5-12 ft. June.			
2-3 ft. ....	.60	....	....
opulus nanus. 1-2 ft. Dwarf shrub for rockeries or low hedges.			
9-12 in. spread ....	.75	....	....
12-18 in. spread ....	1.00	....	....
18-24 in. spread ....	1.50	....	....
plicatum, 2-3 ft. ....	.75	....	....

## Roses
